    - a. During an interval.
    - b. When play is stopped for injury/illness of a player or blood.
  2. Both teams may make tactical changes immediately after a goal has been scored following a request from an on-court player to hold time for this purpose, ensuring that:
    - a. The umpire is clear the request is for a tactical change and not for injury/illness of a player or blood.
    - b. Any on-court players leave the court or change playing positions without delay.
    - c. Any substitutes take up their position on court without delay.
    - d. All team officials including primary care persons remain at the team bench.
    - e. The umpire is able to restart play quickly so the momentum of the match is not affected.

3. If undue time is taken by either team to complete substitutions and/or team changes, the infringing team will be penalised for delaying play [Rule 19.1] and [Rule 19.2]. For a tactical change, this will be immediately following the whistle for the next centre pass.
4. The number of substitutions and/or team changes is unlimited during a match provided the players used are those named for the match. However, if the number of requests for tactical changes becomes frivolous the umpires may refuse the request and/or penalise the infringing team for delaying play [Rule 19.1] and [Rule 19.2].
